ASSIGNMENT – 1

LIBRARY MANAGEMENT SYSTEM – FORM BASIC FIELDS USE CASE

AIM

To create a Library Management System in Zoho Creator using basic form fields for member and book issue request details.

PROCEDURE

1. Open the Library Management System application in Zoho Creator.
2. Create the Member Profile form and add the required basic fields.
3. Configure the Book Issue Request form with member reference and status fields.
4. Verify the field arrangement and live forms.

1. Member Name Field

The Name field is configured as Member Name to capture the first name of the library member in the Member Profile form.

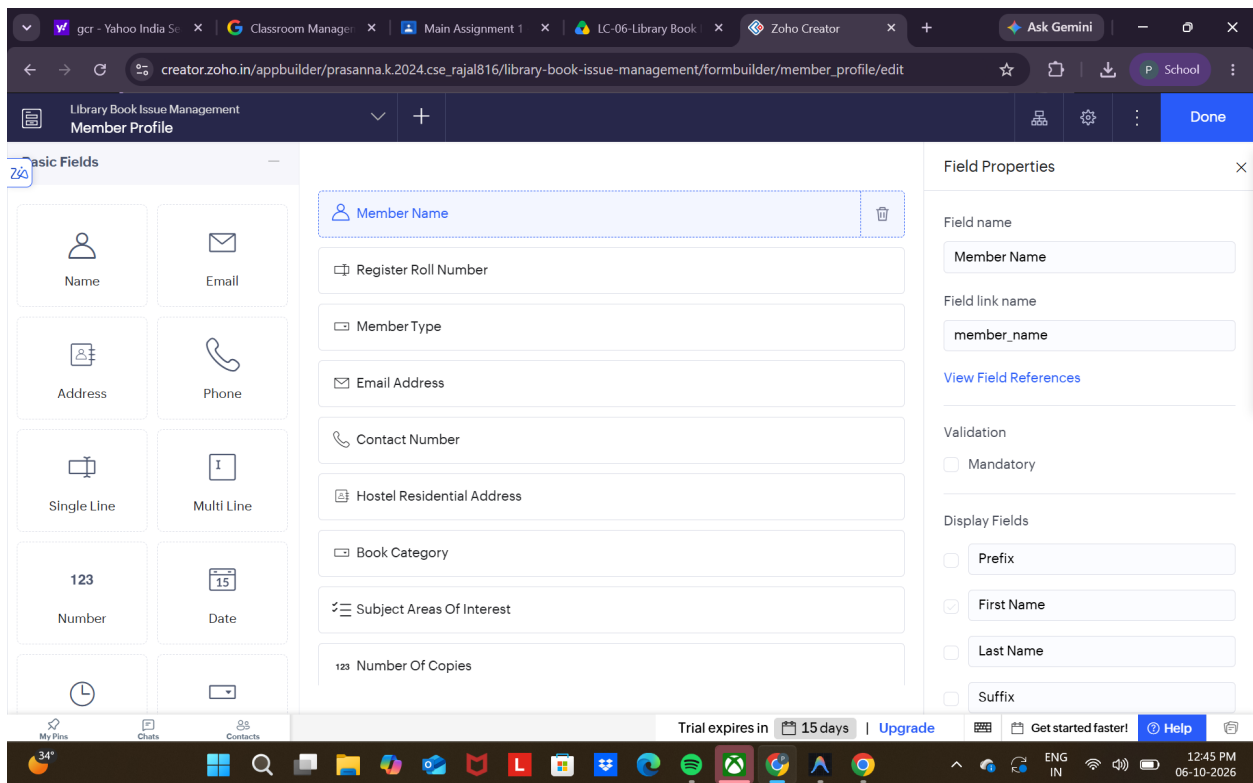

Figure 1: Member Name Field.

2. Register/Roll Number Field

A Single Line field is added for Register Roll Number to record the student's or staff member's identification number.

The screenshot shows the Zoho Creator 'Library Book Issue Management' form builder interface. The 'Basic Fields' panel on the left contains various field types. The 'Field Properties' panel on the right is configured for the 'Register Roll Number' field. The configuration includes:

- Field name:** Register Roll Number
- Field link name:** register_roll_number
- Validation:** ☐ Mandatory, ☐ No duplicate values
- Initial value:** Initial value
- Character maximum:** 255
- Data Privacy:** (empty)

The main form area shows a list of fields: Member Name, Register Roll Number (selected), Member Type, Email Address, Contact Number, Hostel Residential Address, Book Category, Subject Areas Of Interest, and Number Of Copies.

Figure 2: Register/Roll Number Field.

3. Member Type Field

The Member Type field provides the available categories Faculty, Staff, and Student for identifying the type of library member.

The screenshot shows the Zoho Creator 'Library Book Issue Management' form builder interface. The 'Basic Fields' panel on the left contains various field types. The 'Field Properties' panel on the right is configured for the 'Member Type' field. The configuration includes:

- Field name:** Member Type
- Field link name:** member_type
- Choices:** Faculty, Staff, Student (with a 'Rename' button next to 'Staff')
- Alphabetical Order:** ☐

The main form area shows a list of fields: Member Name, Register Roll Number, Member Type (selected), Email Address, Contact Number, Hostel Residential Address, Book Category, Subject Areas Of Interest, and Number Of Copies.

Figure 3: Member Type Field.

4. Email Address Field

The Email field is configured as Email Address to collect a valid email address for communication related to the request.

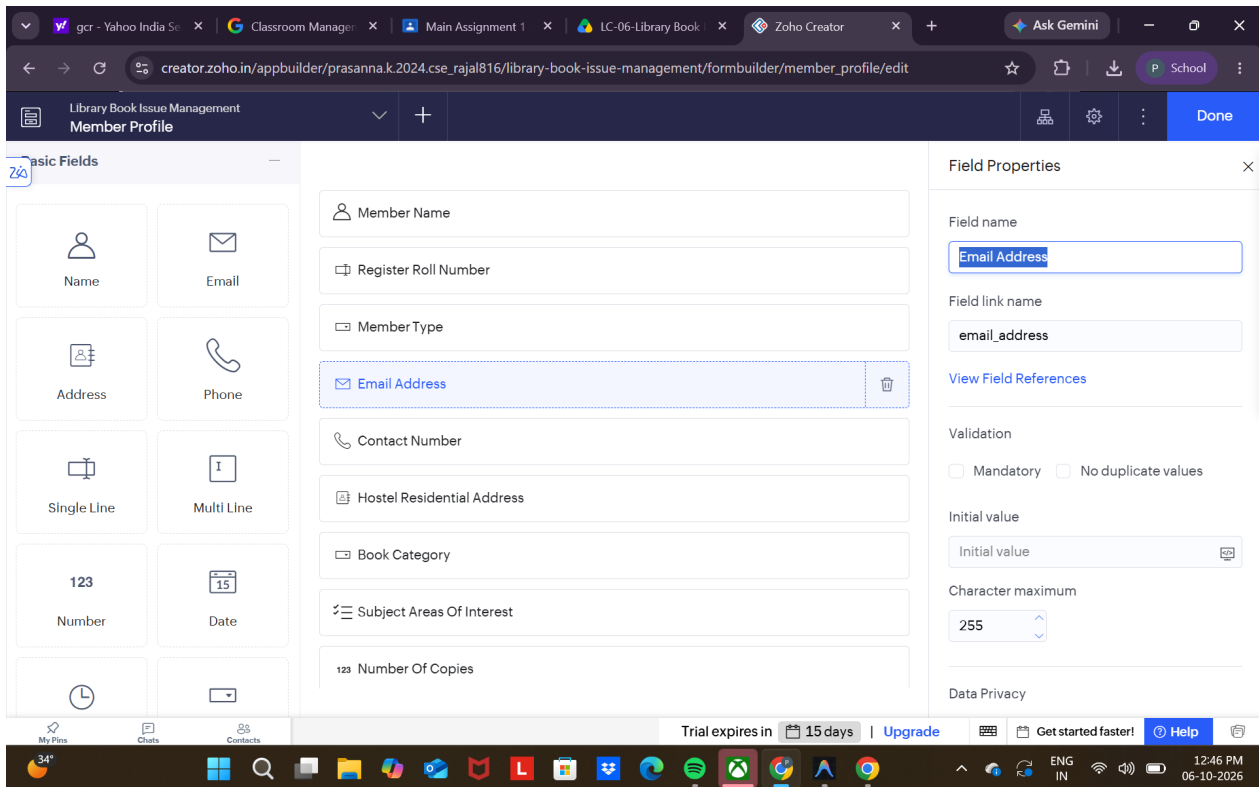

Figure 4: Email Address Field.

5. Contact Number Field

The Phone field is configured as Contact Number and displays the Indian country code format for entering the member's mobile number.

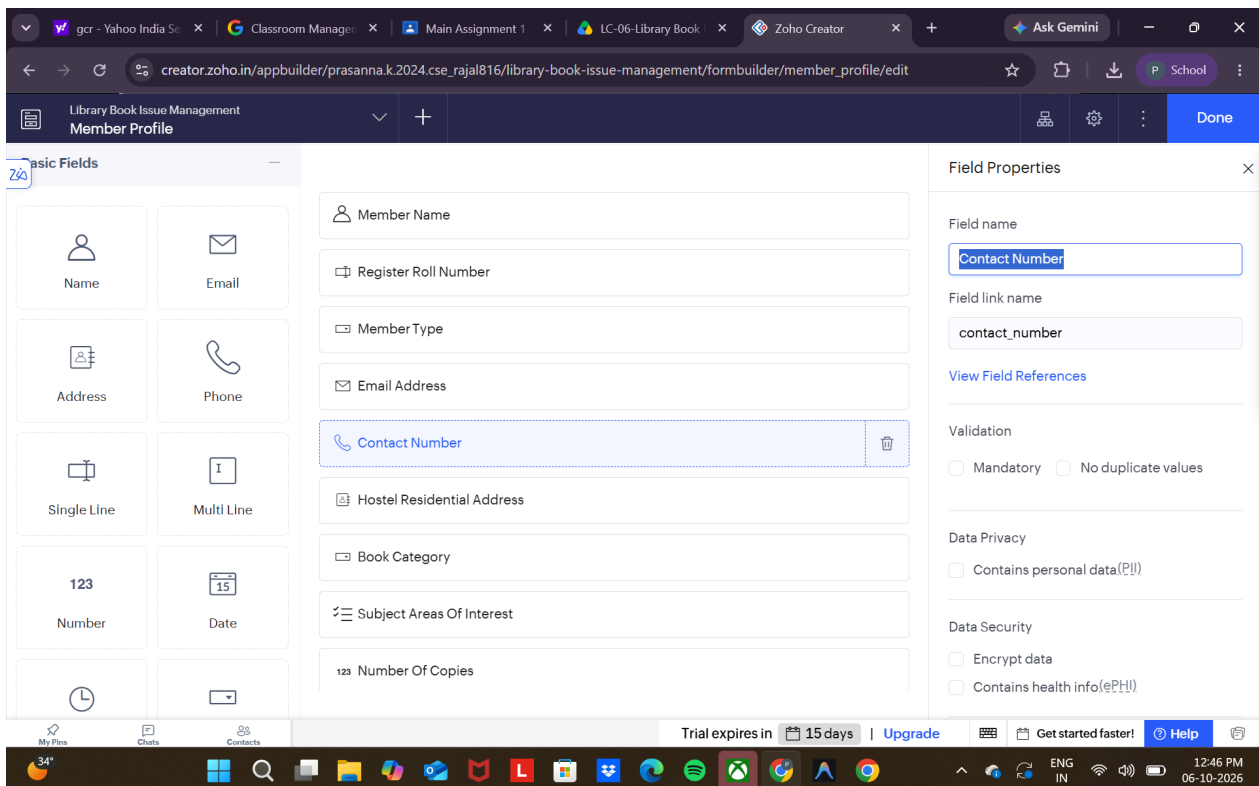

Figure 5: Contact Number Field.

6. Hostel Residential Address Field

The Address field is configured as Hostel Residential Address for recording the member's residential or hostel address.

The screenshot shows the Zoho Creator form builder interface for a 'Member Profile' form. On the left, the 'Basic Fields' palette includes Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date. The main workspace displays the form layout with fields: Member Type, Email Address, Contact Number, Hostel Residential Address (highlighted), Book Category, Subject Areas Of Interest, Number Of Copies, Purpose Of Borrowing, and Preferred Issue Date. The 'Hostel Residential Address' field is selected, and the 'Field Properties' panel on the right shows its configuration: Field name is 'Hostel Residential Address', Field link name is 'hostel_residential_address', Validation is set to 'Mandatory', Address Options include 'Capture geo coordinates' (checked) and 'Adjust location on map' (unchecked), and Display Fields includes 'Address Line 1' (checked).

Figure 6: Hostel Residential Address Field.

7. Book Category Field

A Drop Down field named Book Category is provided so that the member can select one relevant category for the requested book.

The screenshot shows the Zoho Creator form builder interface for the same 'Member Profile' form. The 'Book Category' field is now selected in the main workspace. The 'Field Properties' panel on the right shows its configuration: Field name is 'Book Category', Field link name is 'book_category', and the 'Choices' section is expanded to show a list of categories: Electronics and Communication, Mathematics, Mechanical Engineering, and Computer Science & Engineering. A note indicates that renaming choices will update existing records.

Figure 7: Book Category Field.

8. Subject Areas of Interest Field

The Multi Select field Subject Areas Of Interest allows more than one subject area to be selected from the configured choices.

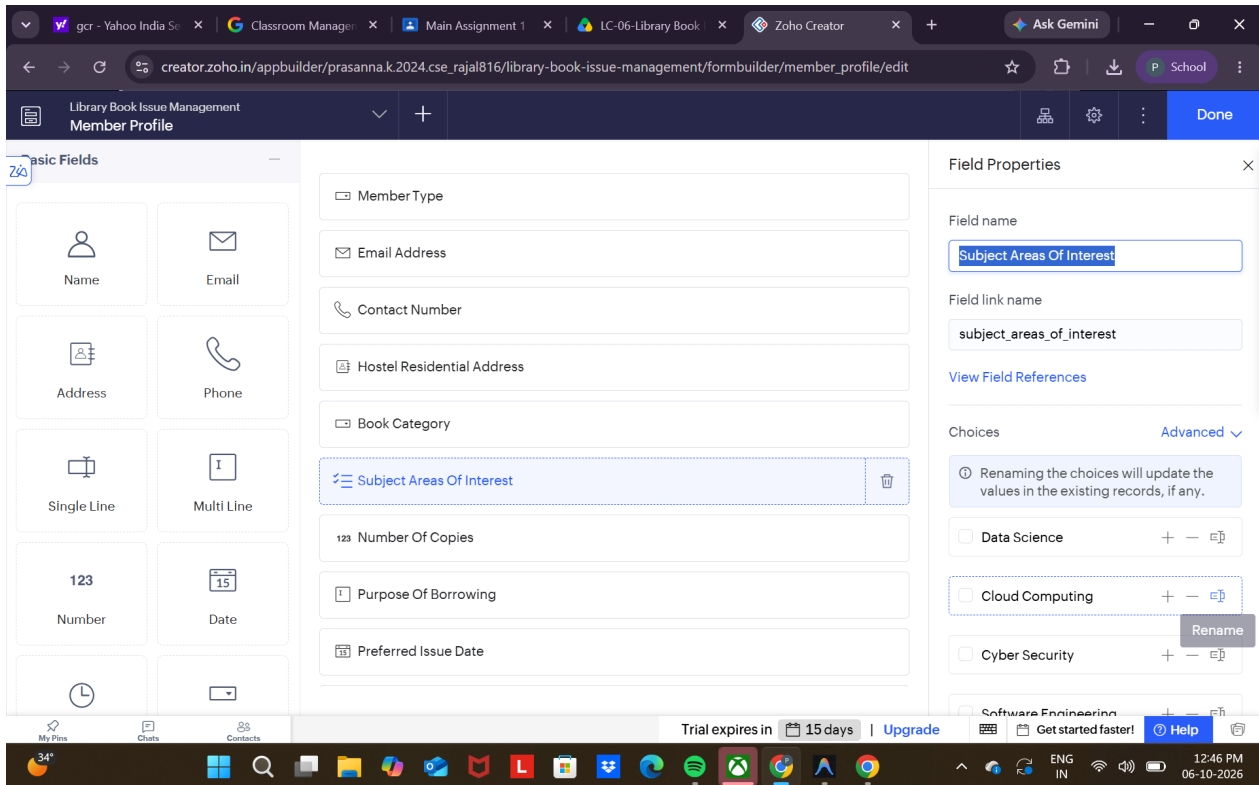

Figure 8: Subject Areas of Interest Field.

9. Number of Copies Field

The Number field Number Of Copies is used to specify how many copies of the requested book are required.

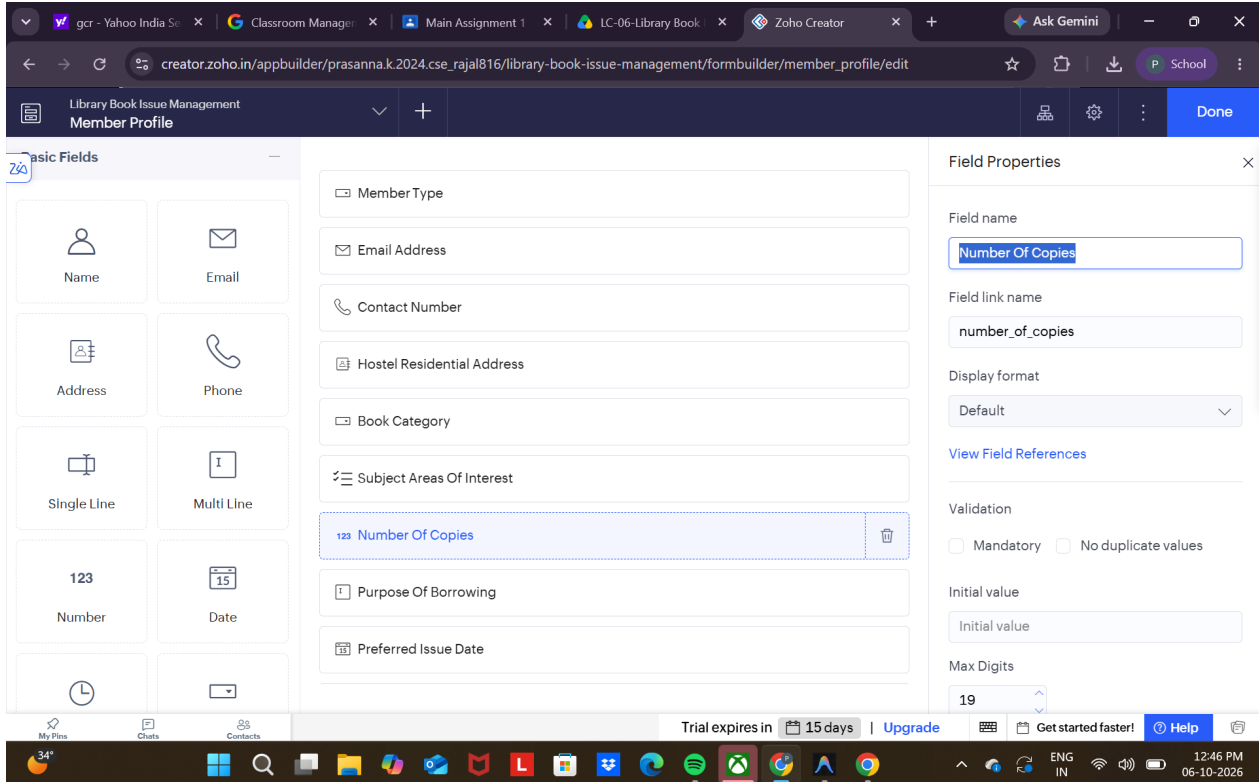

Figure 9: Number of Copies Field.

10. Purpose of Borrowing Field

The Multi Line field Purpose Of Borrowing provides space for the member to enter the reason for requesting the book.

The screenshot shows the Zoho Creator form builder interface for a 'Library Book Issue Management' application. The 'Basic Fields' panel on the left contains various field types: Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date. The 'Field Properties' panel on the right is configured for the 'Purpose Of Borrowing' field. The field name is 'Purpose Of Borrowing', the field link name is 'purpose_of_borrowing', and the validation is set to 'Mandatory'. The data privacy is set to 'Contains personal data (PII)'. The user input (for mobile) is set to 'Enable' with options for 'QR code' and 'Barcode'. The field is currently selected in the main form builder, and the 'Purpose Of Borrowing' field is visible in the list of fields on the left.

Figure 10: Purpose of Borrowing Field.

11. Preferred Issue Date Field

The Date field Preferred Issue Date is provided to select the date on which the member prefers to receive the requested book.

The screenshot shows the Zoho Creator form builder interface for a 'Library Book Issue Management' application. The 'Basic Fields' panel on the left contains various field types: Name, Email, Address, Phone, Single Line, Multi Line, Number, and Date. The 'Field Properties' panel on the right is configured for the 'Preferred Issue Date' field. The field name is 'Preferred Issue Date', the field link name is 'preferred_issue_date', and the validation is set to 'Mandatory' and 'No duplicate values'. The initial value is set to 'dd-MMM-yyyy'. The allowed days are set to 'All days'. The data privacy is set to 'Contains personal data (PII)'. The field is currently selected in the main form builder, and the 'Preferred Issue Date' field is visible in the list of fields on the left.

Figure 11: Preferred Issue Date Field.

12. Preferred Collection Time Field

The Time field Preferred Collection Time is configured to capture the member's preferred time for collecting the book.

The screenshot shows the Zoho Creator form builder interface for a 'Library Book Issue Management' form. The 'Basic Fields' panel on the left lists various field types. The main workspace displays a list of fields: Contact Number, Hostel Residential Address, Book Category, Subject Areas Of Interest, Number Of Copies, Purpose Of Borrowing, Preferred Issue Date, Preferred Collection Time (highlighted), and Agree To Library Rules. The 'Field Properties' panel on the right is open for the 'Preferred Collection Time' field, showing the following configuration:

- Field name: Preferred Collection Time
- Field link name: preferred_collection_time
- View Field References
- Validation: ☐ Mandatory ☐ No duplicate values
- Initial value: HH:mm:ss
- Allowed Hours: None
- to: (empty)

Figure 12: Preferred Collection Time Field.

13. Library Rules Acknowledgement

The Checkbox field Agree To Library Rules is included to record the member's acknowledgement of the library rules and return policy.

The screenshot shows the Zoho Creator form builder interface for the same 'Library Book Issue Management' form. The 'Basic Fields' panel on the left is visible. The main workspace displays the same list of fields as in Figure 12, but the 'Preferred Collection Time' field is not highlighted. The 'Field Properties' panel on the right is open for the 'Agree To Library Rules' field, showing the following configuration:

- Field name: Agree To Library Rules
- Field link name: agree_to_library_rules
- View Field References
- Validation: ☐ Mandatory ☐ Initial value
- Data Privacy: ☐ Contains personal data (PII)
- Visibility: ☐ Show field to: Everyone

Figure 13: Library Rules Acknowledgement.

14. Member Reference in Book Issue Request

The Book Issue Request form includes a Member Reference field to connect the issue request with an existing member profile.

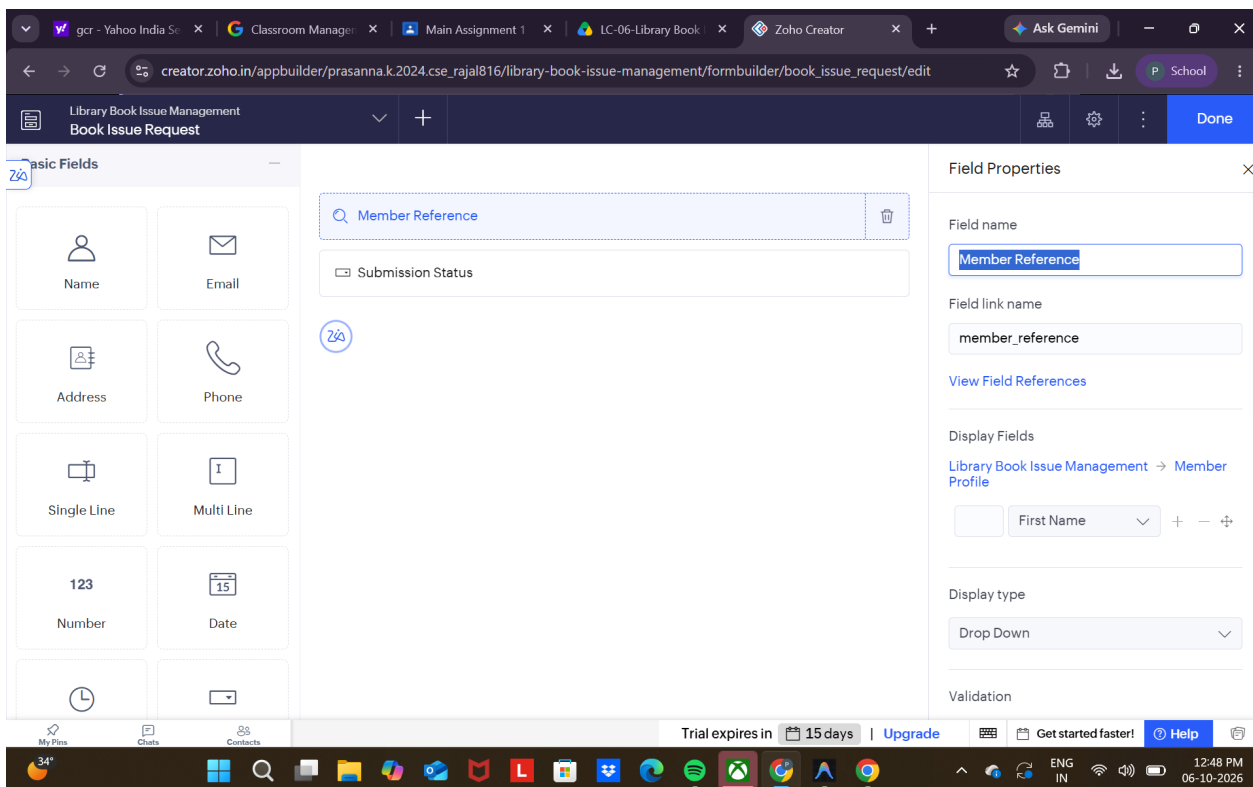

Figure 14: Member Reference in Book Issue Request.

15. Submission Status Field

A Submission Status field is configured in the Book Issue Request form with status choices such as Issued, Approved, Rejected, and Pending.

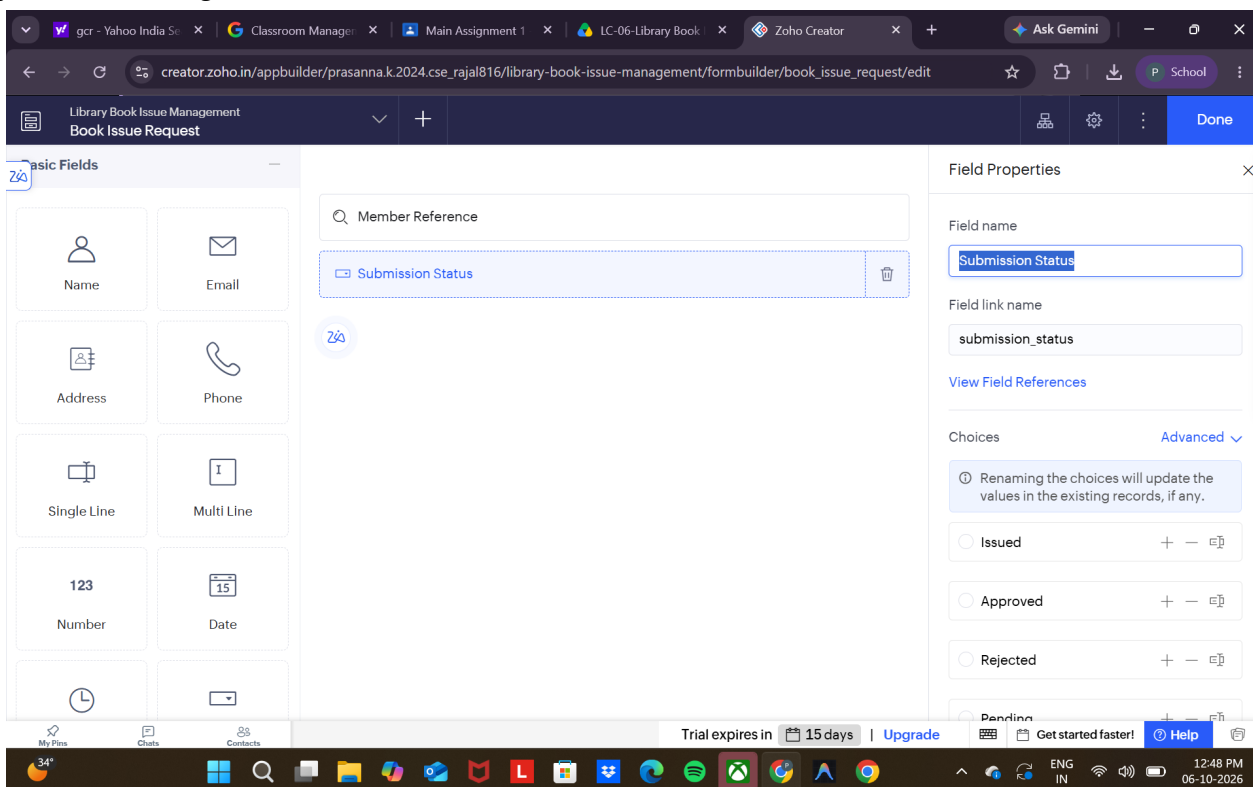

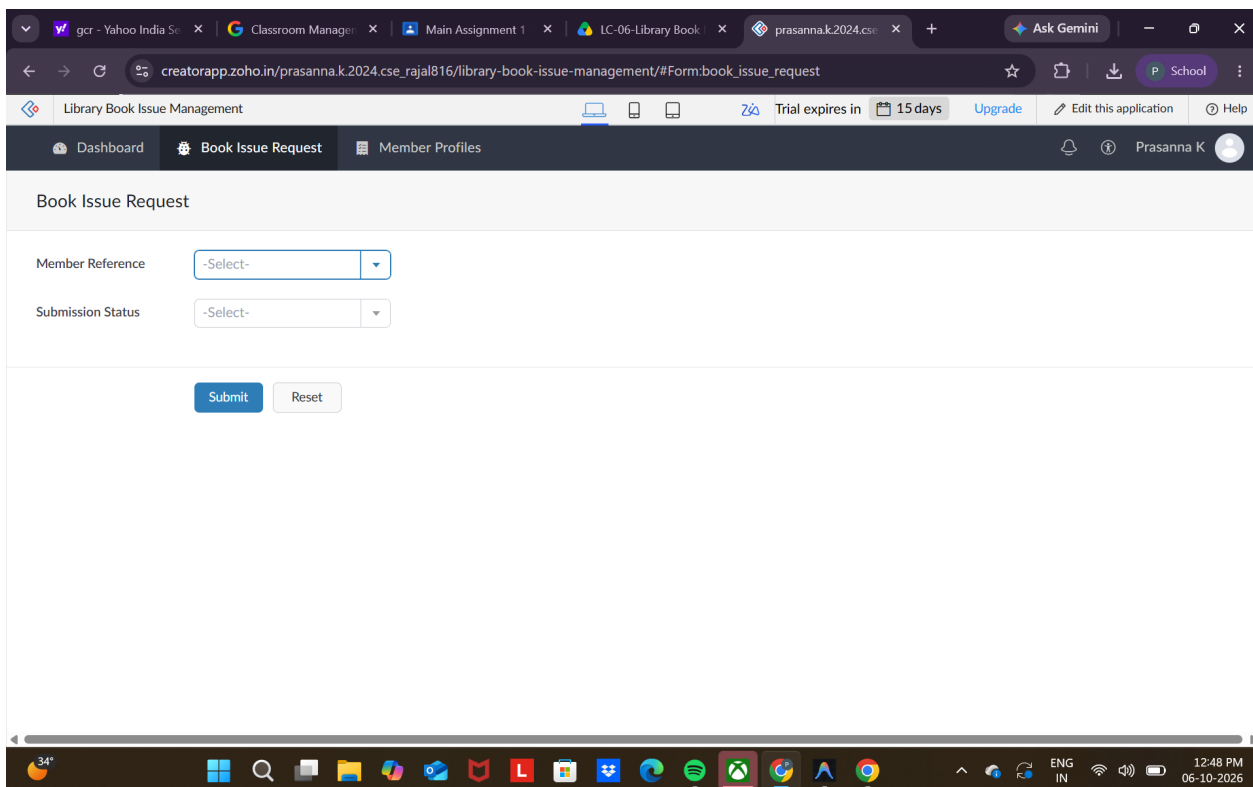

Figure 15: Submission Status Field.

16. Book Issue Request Form

The live Book Issue Request form displays the configured Member Reference and Submission Status fields with Submit and Reset controls.

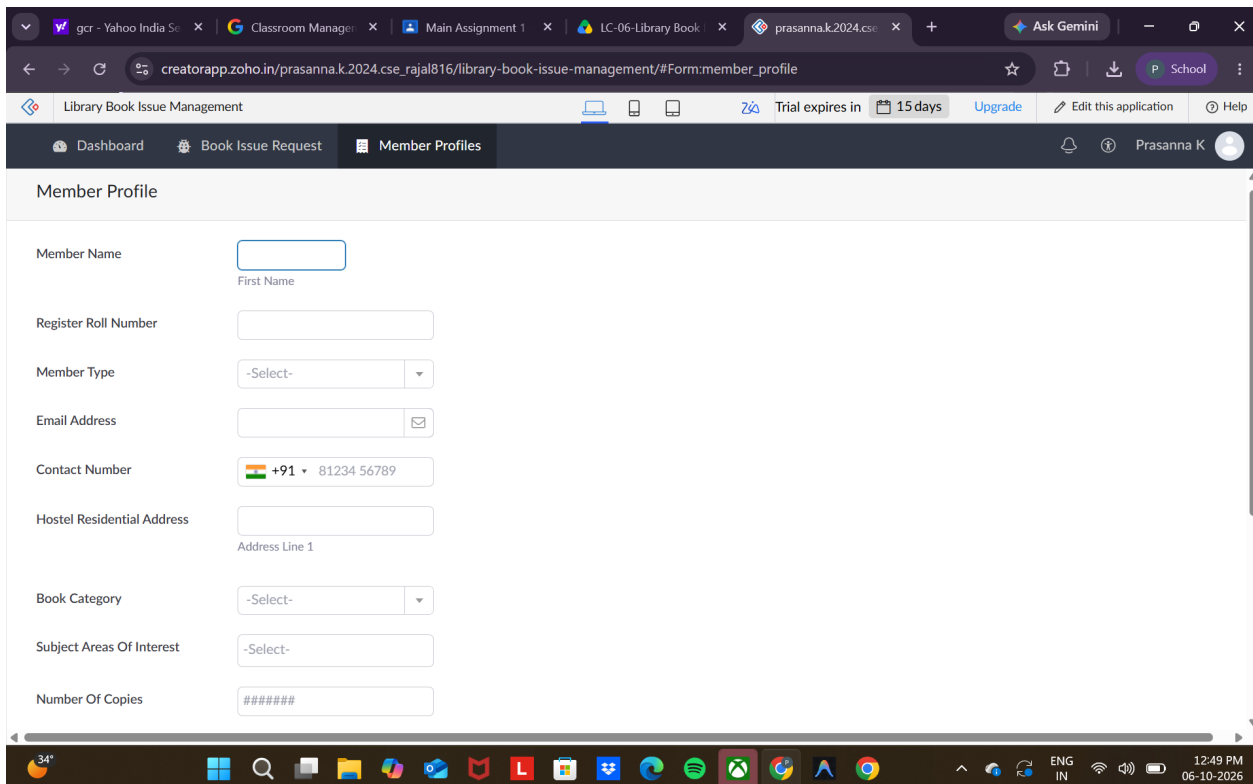

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/prasanna.k.2024.cse_rajal816/library-book-issue-management/#Form:book_issue_request`. The page title is "Library Book Issue Management". The navigation bar includes "Dashboard", "Book Issue Request", and "Member Profiles". The main form area is titled "Book Issue Request" and contains two dropdown menus: "Member Reference" and "Submission Status", both with "-Select-" as the current value. Below these are two buttons: "Submit" (blue) and "Reset" (grey). The browser's taskbar at the bottom shows the date and time as 12:48 PM on 06-10-2026.

Figure 16: Book Issue Request Form.

17. Member Profile Form – Member Details

The live Member Profile form shows the member details section with fields for name, register/roll number, member type, email, contact number, address, book category, subject interests, and number of copies.

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/prasanna.k.2024.cse_rajal816/library-book-issue-management/#Form:member_profile`. The page title is "Library Book Issue Management". The navigation bar includes "Dashboard", "Book Issue Request", and "Member Profiles". The main form area is titled "Member Profile" and contains several input fields: "Member Name" (with a sub-label "First Name"), "Register Roll Number", "Member Type" (dropdown with "-Select-"), "Email Address" (with an email icon), "Contact Number" (with a dropdown for country code set to "+91" and the number "81234 56789"), "Hostel Residential Address" (with a sub-label "Address Line 1"), "Book Category" (dropdown with "-Select-"), "Subject Areas Of Interest" (dropdown with "-Select-"), and "Number Of Copies" (with a placeholder "#####"). The browser's taskbar at the bottom shows the date and time as 12:49 PM on 06-10-2026.

Figure 17: Member Profile Form – Member Details.

18. Member Profile Form – Request Details

The lower part of the live Member Profile form shows the remaining request fields: purpose of borrowing, preferred issue date, preferred collection time, and library rules acknowledgement.

The screenshot displays a web browser window with the URL `creatorapp.zoho.in/prasanna.k.2024.cse_rajal816/library-book-issue-management/#Form:member_profile`. The browser's address bar shows the Zoho Creator application name and the specific form ID. The page header includes navigation links for 'Dashboard', 'Book Issue Request', and 'Member Profiles', along with a user profile for 'Prasanna K'. The form itself is titled 'Library Book Issue Management' and contains several input fields: 'Hostel Residential Address' (with a sub-field 'Address Line 1'), 'Book Category' (a dropdown menu), 'Subject Areas Of Interest' (a dropdown menu), 'Number Of Copies' (a text field with a placeholder '#####'), 'Purpose Of Borrowing' (a large text area), 'Preferred Issue Date' (a date picker showing 'dd-MMM-yyyy'), 'Preferred Collection Time' (a time picker showing 'HH:mm:ss'), and an 'Agree To Library Rules' checkbox. At the bottom of the form are 'Submit' and 'Reset' buttons. The browser's taskbar at the bottom shows various application icons and the system clock indicating 12:49 PM on 06-10-2026.

Figure 18: Member Profile Form – Request Details.

RESULT

The Library Management System forms were successfully created in Zoho Creator using the required Basic Fields. The Member Profile and Book Issue Request forms were configured and verified successfully.

Thus, the Library Management System Form Basic Fields Use Case was completed successfully.
