

NAME: PRASANNA K
ROLL NO: 240701396

CLASS ACTIVITY 01

FORM CREATION FOR HOSPITAL MANAGEMENT SYSTEM

Aim

To create and configure the required forms in Zoho Creator for a Hospital Management System and capture hospital information through structured fields.

Forms Created

The Hospital Management System contains ten forms. The screenshots below are arranged in the same order as the application menu shown in the reference screenshot.

1. Appointment Form

The Appointment form is used to schedule and manage hospital appointments. It records the patient, doctor, department, appointment date, appointment time, reason and appointment status.

6. Department Form

The Department form maintains department-related information and includes staff role, department, phone number and email fields.

The screenshot shows the 'Department Form' in Zoho Creator. The form is titled 'Staff' and contains the following fields:

- Full Name (with a sub-label 'First Name')
- Role
- Department (dropdown menu)
- Phone Number (with a country code dropdown set to +91)
- Email

At the bottom of the form are 'Submit' and 'Reset' buttons. The left sidebar shows the 'Hospital Management System' menu with 'Departments' selected. The top bar indicates a trial expires in 15 days.

7. Prescription Form

The Prescription form connects a patient with a doctor and medicine. It records dosage, frequency, duration and prescription date.

The screenshot shows the 'Prescription Form' in Zoho Creator. The form is titled 'Prescription' and contains the following fields:

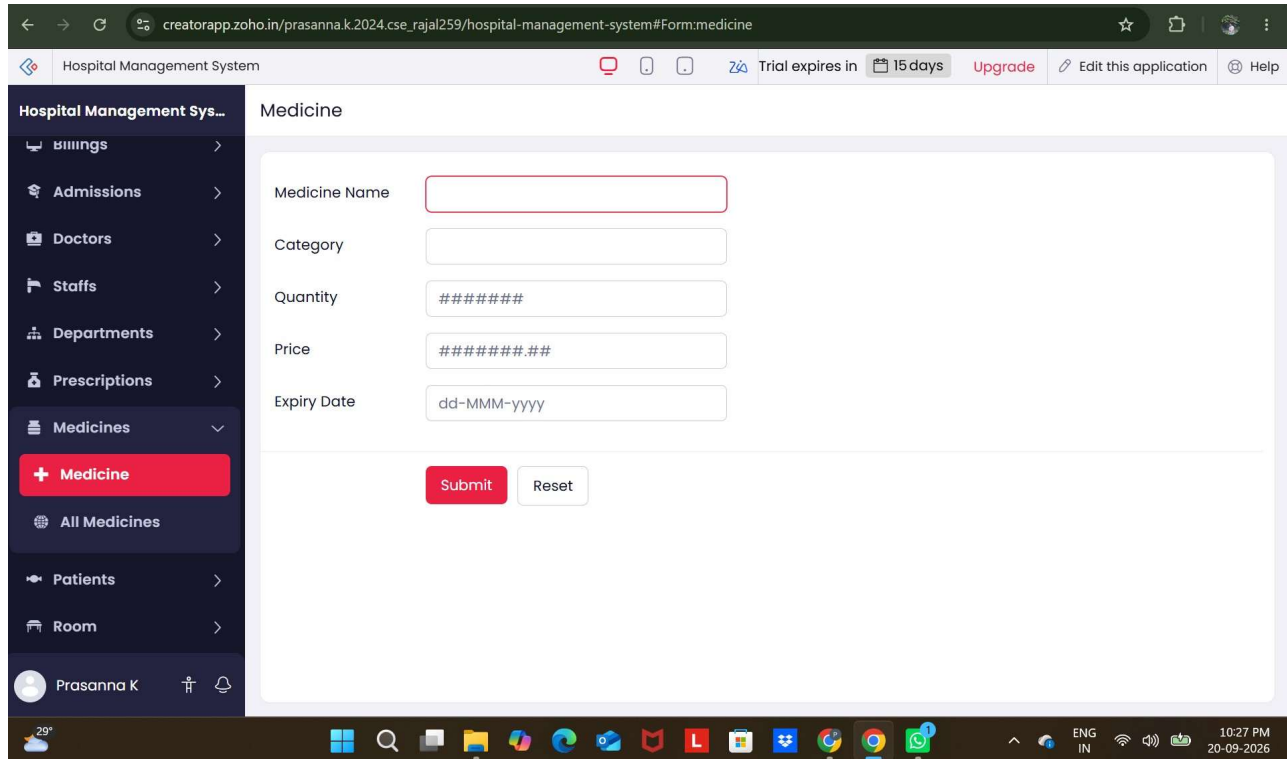

- Patient
- Doctor (dropdown menu)
- Medicine (dropdown menu)
- Dosage
- Frequency
- Duration
- Prescription Date (with a date format 'dd-MMM-yyyy')

At the bottom of the form are 'Submit' and 'Reset' buttons. The left sidebar shows the 'Hospital Management System' menu with 'Prescriptions' selected. The top bar indicates a trial expires in 15 days.

8. Medicine Form

The Medicine form is used to maintain medicine inventory details such as medicine name, category, quantity, price and expiry date.

The screenshot displays the 'Medicine' form within the 'Hospital Management System' application. The form is located at the URL `creatorapp.zoho.in/prasanna.k.2024.cse_rajal259/hospital-management-system/#Form:medicine`. The left sidebar contains a navigation menu with the following items: Billings, Admissions, Doctors, Staffs, Departments, Prescriptions, Medicines (selected), All Medicines, Patients, Room, and a user profile for Prasanna K. The main content area shows the 'Medicine' form with the following fields: Medicine Name, Category, Quantity (with a placeholder '#####'), Price (with a placeholder '#####.##'), and Expiry Date (with a placeholder 'dd-MMM-yyyy'). Below the fields are 'Submit' and 'Reset' buttons. The top bar shows the application name, trial status (15 days), and options to upgrade or edit the application. The bottom status bar shows the date and time (10:27 PM, 20-09-2026).
